To Whom It May Concern:

The Trauma Association of South Carolina is excited to announce the 22nd Annual Southeastern Trauma Symposium on October 24-25 (Thursday/Friday), 2019. The event will be held at the Columbia Metropolitan Convention Center in Columbia, South Carolina. We are planning another successful conference dedicated to trauma care and would like to extend an invitation for your company to exhibit at this event.

The Southeastern Trauma Symposium draws healthcare professionals from SC, NC, and GA and we anticipate approximately two hundred participants. Participants include pre-hospital providers, nurses and physicians representing the areas of Emergency Medicine, Surgical Critical Care, Trauma and Surgical Services. This is a state-wide educational event dedicated to improving care of the injured patient. It is also an excellent opportunity for you to network with healthcare professionals and showcase your company and products. The trauma symposium grows every year with the support of our exhibitors and we would not be able to continue to provide this educational opportunity without your support.

The symposium is open to commercial supporters and payment is for an exhibit opportunity only. Exhibits will be located in the pre-conference area of the Columbia Metropolitan Convention Center which allows the participants to visit and engage with you as they transition to different lectures as well as during designated exhibit breaks.

We hope you will consider exhibiting at the 22nd Annual Southeastern Trauma Symposium at one of the exhibitor levels. It is your support that makes this a successful event and we all enjoy your participation.

This year we will be handling all of our registration and payment options electronically. Please review the exhibitor levels and marketing opportunity below and register using the following link:
